

Popularization of use of Certified Seeds:-

The role of good quality seeds of promising varieties in enhancing productivity of different crops needs no emphasis. The ultimate success of a released/promising variety depends upon the availability of seed of such variety or hybrid to the farmers. In order to spread the use of seed of such variety/hybrid in a shorter period, the farmers need to be provided assistance for the purchase of certified/hybrid seeds. The seed replacement rates of different crops have though increased substantially in the State, yet there always remain a need to popularize and increase area under newly released varieties/hybrids.

The major objectives of the scheme are as under :-

1. Quick spread of the certified seeds of newly released varieties.
2. Promotion of hybrid seed production technology among the farmers.

LEVEL OF SUBSIDY IN VARIOUS CROPS (1.4.2004 onwards)

Bajra, Paddy, Barley & Wheat - Rs.500 per qtls. on certified seed of varieties less than 15 years old.

All Kind certified seeds of Pulses and oil seeds -@50% of the cost or Rs.1200/- per qtl. whichever is less

Cotton - @25% of market price for hybrid/varieties

Rate of subsidy on certified seed of paddy and bajra during Kharif 2011 and agencies to which subsidy is available.
